

INFOSHEET
for short term volunteering project
"Creative summer"
01.06. 2018– 31.07.2018.

Dear volunteers,

We are very happy that you have decided to join our organisation.

With this info-sheet we want to give you more detailed information about what to expect from the project, when and how to arrive, how to contribute, what to bring with you etc.

We believe that not only the project but also each volunteer will benefit from the EVS project. Working together for a good cause, living in an international group, meeting new people, exchanging ideas and learning from each other is a special and unique experience.

We wish you a great experience!

About the organisation and the project

This European voluntary service (EVS) project is hosted by *Association for promotion of IT, culture and coexistence (IKS)*; (*Udruga za promicanje informatike, kulture i suživota (IKS)*).

Association IKS was established in 2003 and has as its mission empowerment of citizens by developing a sense of responsibility and taking the initiative for the progress of the entire community. Our vision is a more humane, democratic environment in which Association IKS acts as a generator of changes and a stronghold of positive ideas.

Our regular activities include: Civil society organisation capacity development; Democratic citizenship development and promotion of volunteering; Youth 'leisure time' activity organisation; Empowerment of socially vulnerable community members; Encouraging employment of women and youth, Non formal education and information for youth.

With the help of the staff and local volunteers at association IKS, EVS volunteers will participate in a short-term (2 month) project called "Creative Summer".

"Creative summer" is traditionally organised by volunteers of Association IKS for children and youth, with purpose to engage children and youth in fun, educational activities that are implemented in a multicultural team and promote youth mobility. Activities of this volunteering project, enriched by the talents and creativity of volunteers, can be yoga, kayaking, sport activities, creative and educational workshops, treasure hunt, ect. This project will also involve short summer games in 7 rural primary schools for disadvantaged populations which are living in areas with poor infrastructure, low indexes of development and rising poverty. Bringing a large group of people from other countries in to our region is attractive for local communities and gives them opportunity to exchange experiences, learn about different cultures and lifestyles and develop new project ideas for the community together with EVS volunteers.

Total number of volunteers: 10

Partner countries: Italy, Macedonia (FYRM), Spain, Portugal, Bosnia & Herzegovina

Volunteer tasks:

- designing different promotional materials for volunteering, and for the summer activities, which are attractive for children and youth and the local community
- developing materials for social networks to promote youth mobility projects for young people from 13 years of age
- assisting in developing and organising activities for children and youth for school holidays together with our youth initiative group - these activities can be any kind of creative leisure time activities including workshops, art, music, street art, hip hop culture, alternative sports and hobbies, multicultural theme...etc.
- preparing a multicultural festival to present your country and culture in the community in a creative and fun way
- assisting in organising info points for youth in the area with our team from the Information centre for youth
- participating in activities with our partners in the community (Primary schools, Home for the elderly and Home for mentally ill) muppet puppet plays, volunteering workshops, playing bingo and board games, outdoor activities, creative workshops....

With every EVS project we are promoting the values of volunteering, active citizenship, non-formal education and multiculturalism. Promoting human rights, solidarity, and tolerance is important for development of post war communities like Petrinja.

Our local and EVS volunteers on Info centre activities, August 2017.

What can you expect?

During the EVS project:

- volunteers will work approximately 6-7 hours per day

- Saturdays and Sunday's are free unless there are specific project events or important international days on the weekend in which case they will get weekdays off
- Volunteers will have a mentor, who will provide peer support and assist the volunteer in adjusting to their new environment and help the volunteer with the Youthpass
- Mentors are usually local youth volunteers at Association IKS
- Volunteers have a coordinator and supervisor who will be looking after the project and supporting the volunteers' development

Participation in an EVS project means:

- Commitment to a team experience
- Commitment to working out decisions and problems together
- Completing the entire project
- Being sensitive to problems in the community
- Being open to learning, sharing and developing new skills
- Contributing fully to the work
- Having lots of self motivation and self initiative
- And, of course, having fun! 😊

🚩 Where will we stay, food & free time?

Petrinja is a small town (24,858 inhabitants) in central Croatia, just under 60 km from the Croatian capital Zagreb. It is a microregional centre with good transport connection by bus, near the main railway which connects Zagreb with other parts of Croatia and the borders.

Petrinja is nestled on the banks of rivers Petrinjčica and Kupa, the home of the first salami factory, in the region of Banovina, situated in Sisak-Moslavina County. The people in this region are well known for their wonderful hospitality and gastronomic specialities. The region is known for its beautiful clean rivers, rolling hills, natural springs and rural scenery.

Your accommodation will be near the city centre (short walking distance) and you will share the apartment with other volunteers. The apartment will have bedrooms, a shared kitchen and dining room, bathrooms and everything else that is needed. Your living and food expenses will be paid for by the European Union project funding and you will also receive pocket money each month. With that, you can cook, share your delicious food with other volunteers, enjoy a cup of coffee in our local coffee shops and buy everything you need for your everyday life.

Like we said before, you will work around 6 hours a day, so you can enjoy your afternoons and weekends in some activities of your choice. We recommend taking a walk around river Petrinjčica or Kupa or visiting the nearby city of Sisak, the centre of Sisak-Moslavina County. The Capital City of Zagreb is also very close so if you have the need to get into a big metropolitan city mood, feel free to discover all the museums, cinemas, clubs and bars that Zagreb offers.

Language

The official language in our project will be **English** but you will have a mentor who can help you with learning some everyday phrases to communicate with the locals in shops and cafes or when asking for directions.

When and how to get here?

Your European voluntary service begins on the 1st of June. Please keep your boarding pass and all the tickets you use to get to Petrinja, so that your travel expenses can be reimbursed.

Petrinja is well connected with Zagreb, which is your place of arrival to Croatia.

If you arrive by airplane, there is a regular airport shuttle bus every half hour to the Zagreb main bus station. The bus stop is just outside the airport entrance. Fare is 30 kuna (4 euros) and the bus leads to the main bus station in Zagreb.

From the main bus station in Zagreb (Autobusni kolodvor Zagreb) you can take the bus Zagreb-Petrinja which is around 37 kuna (5 euros). The main bus station has a Tourist info point, so if you get lost or confused, don't hesitate to ask for help. Croatians are well known for their hospitality. 😊

You will find the airport bus timetable on the following link but anyway check again when you arrive at the airport. <http://www.plesoprijevoz.hr/en> (PLESO PRIJEVOZ is the PLESO (ZAGREB) AIRPORT BUS COMPANY)

Čazmatrans (<https://cazmatrans.hr/en/>) buses travel from the Zagreb bus station to Petrinja at the following times:

Croatian Climate / What to wear around here

Croatian climate is moderately warm and continental. Meaning, monthly temperatures range between 12-25°C (June) 15-27°C (in July). Your service will start in June so it is useful to bring some variety of summer clothes and warm clothes for the evening and early mornings (long sleeves). We pretty much layer clothes around here because days can be warm but nights colder. Summers here are usually quite hot but you never know with this weather. Sometimes it can surprise you. We also have a River beach so bring your bikini's!

Other useful and practical information

Croatian public telephones work on telephone cards, which have their worth expressed in kuna: 15 HRK, 30 HRK, 50 HRK or 100 HRK.

During the conversation, the credit will decrease every minute if you've dialed a national fixed network number or every 30 secs if you've dialed an international or mobile phone.

Money

It makes the world go round, must be funny, it's the rich man's world. Needed by all, appreciated by many, despised by some. Nevertheless, here's something about Croatian money and prices.

Croatian currency is called KUNA, shortened KN (more common) or HRK. 1 kuna is 100 LIPAs.

- 1 EUR is app. 7.4 kn
- 1 USD is app. 6.1 kn
- 1 GBP is app. 8.5 kn
- 1 CHF is app. 6.2 kn

(the exchange rate can be in favour of kuna during summer months because of lots of foreign tourists, more information on Croatian National Bank web-site)

<http://www.hnb.hr/tecajn/htecajn.htm>)

To give you an idea, a small bottle of water costs 6 Kn (in supermarket); the typical price of a small bottle (1/2 l) of juice costs 7-9 Kn (in supermarket).

Money can be changed at any bank or exchange office; there are lots of them at Zagreb Airport, Autobusni kolodvor (Bus station) or Glavni kolodvor (Train station), at the main square in Zagreb etc. But we suggest you not to exchange large amounts of cash or withdraw from ATM during your trip because in Petrinja there are plenty of ATMs and banks, as well as a couple of exchange offices.

A small DICTIONARY:

In Croatian language every written letter is pronounced. You should remember this useful rule. It will help you to read nameplates and street signs in the cities, read the following dictionary of the most common and the most necessary words and phrases in Croatian, but also communicate with local people and find your way to the right address. The pronunciation of particular letters is very close to Italian. The letters that are not common in other languages are “š” (pronounced “sh”), “č” (“ch”), “ž” (like French “j”), “đ” (Italian “gi”) and “dž” (“j” as in “join”). That will help you for the start.

And yeah, we know, it sounds overwhelming but you will get used to it, believe us. All of our previous volunteers can proudly say that they can speak 'a little' Croatian. You will get help from Croatian volunteers so at the end of your service, you will also know the basics. ☺

Last but not least...

- It's strongly forbidden using drugs or exaggerating in drinking alcohol during your stay here
- Smoking is forbidden in IKS's place of work (in the buildings)
- Take into consideration that being in a project in Croatia doesn't mean being by the seaside so please check the map ☺
- But we do have rivers around here and we're only 2 hours drive from the beautiful Adriatic coast and that's beautiful, you'll see ☺
