EVS coordinator: Orsolya Kovács (kotyero@gmail.com)---->

Mentor: Irén Gulyás (irengulyas@gmail.com)

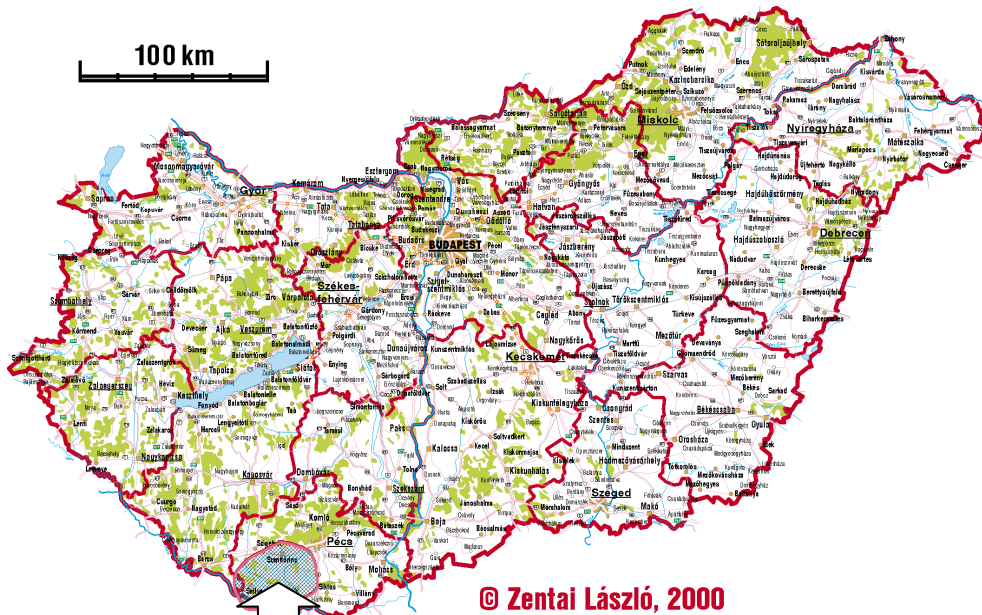

Mentor: Éva Király (kiralylanyka@freemail.hu) ----->

Practical issues about the location:

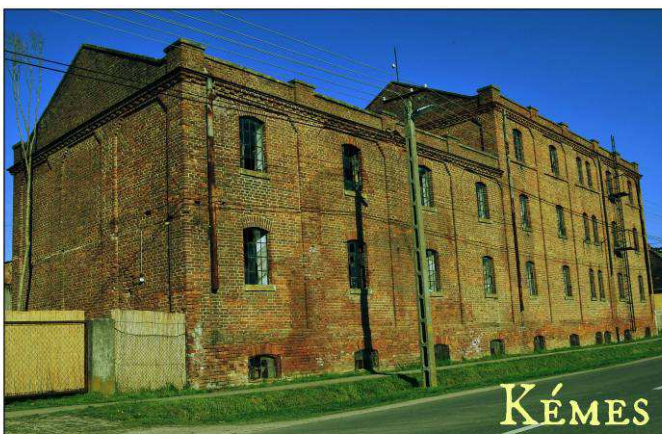

Sustainable Ormánság Nonprofit Kft. is located in a hungarian village with around 500 inhabitants called **Kémes**. Our work effects on the Ormánság area which is social and geographchical disadvantaged area with many small villages.

Ormánság is at  the south-west part of Hungary, next to the Croatian border.

- The unemployment and unqualified rate are high. People don't speak any foreign languages.
- Bigger cities next to kémes: Harkány (10 km), Siklós (15 km) and Pécs (European Cultural Capital 2010) is 40 km far away.
- KÉMES has 2 small shops, 1 fish restaurant with pub, 1 kindergarten, primary school, local doctor, pharmacy

Kémes Mill – location of the host organisation:

SPRING & SUMMER accomodation:

WINTER office & accomodation & workshoproom:

Accommodation:

SPRING: We offer accommodation in our mobile house (container house, see on the pictures) for the volunteers. There is a kitchen with washing machine, a mobile bathroom with toilettes, a living/bedroom in a building, micro wave, heating, wifi connection and a big garden outside.

WINTER: We have a familyhouse close to the mill. This is a normal family house, with 2 rooms. Volunteers will share a room, in a comfortable way!

Everyday life:

*For more pictures, look for our website www.ormansagzoldut.hu or Facebook: **Fenntartható Ormánság!***

ACTIVITIES:

- Being involved in the local community's every day life. Teaching the locals english or your language and learning hungarian from them!

- **Project planning** (Ex.: organising youth exchange, keep contact with partners, write application, build up the project, work out the details, logistic)

- **Greenway Project** based on the local peoples. For 15 local inhabitants will organised a tourist guide and bike repair workshop with english and croatian language course. They will be able to host the guest, tourist who will come to the Ormánság area. The volunteer is free to create new local programs for the guest. Greenway project in partnership with a croatian team from Osijek and Latinovac. Aim is to build out a long way greenway route from Kémes to Latinovac with capillar routes and organising trainings for the local people, involve them from each villages. <http://www.ormansag-zlatnadolina.org/> CANOE & BIKE trips

- **Mobile Youth Work.** The volunteer can keep in touch with the youth, involve them in projects, take part in the daily life of the villages, get to know the local people, and create together new project. We visit the youth in the villages of the Ormánság area and hold presentation about the opportunities of the European Union Projects (Youth exchange, Local initiatives, European Volunteer Service). Volunteer can come with us, talk about his/her hometown, about his/her culture, habits, about the the organisation and recently projects at the host organisation.

- **Weaving.** Volunteers can learn the technic of the old weaving profession of the areas they can help to develop a the creative ideas from carpet or weaved textile.

- **WAIST factory & creative workshops.** We use different recycling technic to make jewellerys, bags, furnitures, clothes, several accessories from plastic battle, can, bike tube and tire, banner, milk box, all kind of materials.

- **Gardening.** Indoor & outdoor gardening for the locals.

There is a huge territory belongs to the mill with free part for planting vegetables, herbs. The plan is to have domestic animals (chicken, goat, dog, cat...).
